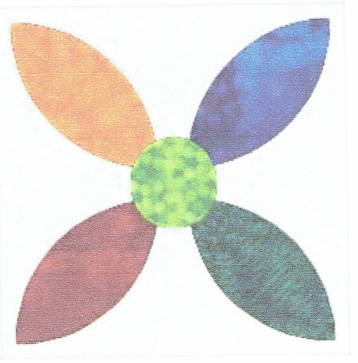
COOL DIEHL – Block #10

Teresa Raleigh 2015/2016 BOM

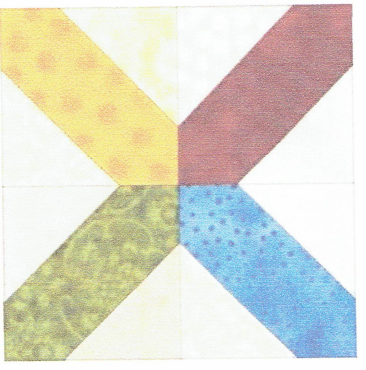
***Measurements for SMALL quilt; LARGE in (parentheses)

This block is available in two options: PIECED or APPLIQUE
Kim Diehl's original design has the applique block, but since a lot of you don't care for applique, I've added the pieced option here as well – just for you!



Cutting Instructions:

Pieced:
Templates and foundation paper-piecing patterns are attached.
Use the pictures to the right to choose the appropriate Print or Background fabrics for your block, using the technique of your choice.



Applique:
Background fabric: 4" (5-1/2") square
(Trim to 3-1/2" (5") after applique)
Print fabric: Choose five different fabrics for petals and center.

Block #10 – Make TWO

These blocks are fairly straightforward, so I am not including much in the way of instructions. As always, I'll be at Divas if you need help with your blocks ☺

Notes for the **APPLIQUE** option:

- Use any applique technique of your choice.
- Stitch the **Print** petals and center circle to one piece of **Background** fabric, using the Applique sheet for placement
- Because applique has a tendency to distort the background fabric, be sure to cut your background square larger at first as shown in the cutting instructions above, then trim down to the correct size after stitching.

Notes for the **PIECED** option:

- You have a choice between foundation pieced or templates.
- I used scrappy fabrics for the background of course.
- Press all of your seams either up or down for each section. Lay the four sections of your block together in the way you want them to look, then turn each one until all the seams nest for easy piecing.

Make 2 of whichever option you choose. Unfinished blocks should measure 3-1/2" (5"). Sew the two blocks together, one on top of the other.

Seams ¼" unless noted otherwise
HST = Half-square Triangle
RST = Right sides together
