

COOL DIEHL – Block #5

Teresa Raleigh 2015/2016 BOM

This block is a little deceptive – it looks really easy, but you have to use templates or foundation piecing to accomplish it ...

Fabrics:

Variety of **Background** fabrics

8 different **Print** fabrics

*****Measurements are for SMALL quilt; LARGE in (parentheses)**

Attached are templates and foundation piecing patterns for the individual block units. Simply choose the technique you prefer. You will need **Eight** units for this Block.

****Test your printed patterns to make sure the unit measures 2-1/2" (3-1/2"). If not, adjust your print size accordingly to get a perfect 2-1/2" (3-1/2") pattern.*

There are many tutorials online for making templates, as well as for foundation piecing. However, I am always available at meetings if you need further help or just can't get the hang of some particular technique. And as always, feel free to contact me if you have questions.

Check your first completed unit to make sure it measures 2-1/2" (3-1/2") unfinished before going on to complete all eight units. Sew the individual units together according to the above photo, using a 1/4" seam allowance.

Your Block should measure 4-1/2" x 8-1/2" for the small block; 6-1/2" x 12-1/2" for the large block.

Seams 1/4" unless noted otherwise

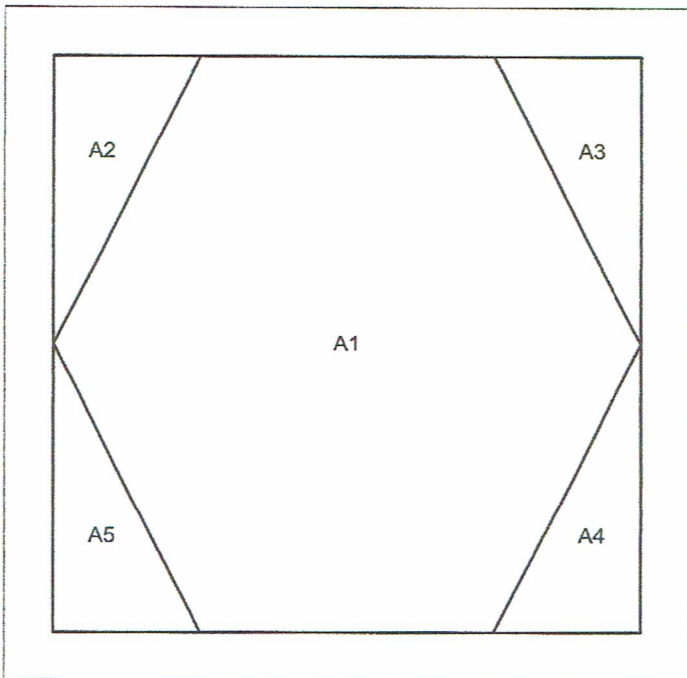

Always press toward the print fabric unless otherwise noted

HST = Half-square Triangle

RST = Right sides together
